

FLOORPLAY STUDIO PRESENTS

LIFE'S A CIRCUS

Student Appreciation Night
- Student & Staff Show -

Sat, October 01

Celebrating the studio's two-year anniversary, we unite and honor the heroes in all of us that reflect our images and interest, empowering the next generation and making accessible the most creative opportunities for growth.

With our eclectic team that provides a fun and informative perspective to alternative fitness, our quirky curriculum educates students on movement as a daily meditation.

This showcase acts as an opportunity for our students to exhibit their progress and passion to friends, family, and the greater community. We believe that everyone deserves a space in which artists can be themselves. Here, we celebrate the truly incredible family that has grown within these walls.

Thank you for sharing this space with us.

The team at Floorplay Studio looks forward to celebrating the achievements of our performers. Again, thank you for being a part of the action as we aim to offer an evening filled with pure joy, laughter, tears, and talent.

POLICIES

- You may video record and photograph for personal use only (NO FLASH!!). Please hold your devices no higher than your shoulders out of respect for the guests behind you.
- Professional equipment is not permitted without a media pass.
 - If you wish to purchase a digital file of a performer's routine, these will be available two weeks post-showcase.

While the studio is sex-worker positive, you may not tip the performers or throw anything onto the performance area. This is to protect the safety of the dancers.

You may not touch the performers.
Due to Coronavirus, performers are discouraged from touching any spectators.
Sitting in the front row would typically permit the performers to engage with and/or touch you.

DO cheer, clap, whoop and show that you are enjoying the experience.

Enter and exit the studio only after a performer has left the stage and before the next routine's song begins.

Three bathrooms are located in the hallway. Before the show begins, one restroom may be closed off, reserved for the performers getting ready.

The balcony may be closed due to poor weather.
Please exit via the hall entrance.

With pride, we are the only dance and aerial studio in Delaware that is dedicated to serving individuals of all ages, levels of abilities, and stages of health through the art of dance and performance.

Here's wishing you and yours health and good fortune during this tumultuous time. May you be able to build good memories while the studio prepares for Delaware's Phase III reopening.
